*It is the glory of God to conceal a matter,
the honor of kings to discover a matter.*

Proverbs 25:2

Beginning around mid–November, 2024, aerial craft referred to as *drones* and *uap's*, in general, began being sighted in number, along the East coast of the United States, primarily in the state of New Jersey. As time has passed, they are now being sighted throughout the U.S. and even in many places around the world. The opinions as to what they are and what their purpose is, are endless. One Congressman said they come from an Iranian Mothership off the East Coast of the U.S. New Agers are stating emphatically that they are plasma balls or *plasmoids*, coming in from another dimension to help humanity ascend. Many Christians are insisting that these craft are demonic in nature and are being released from the pit. And all of them believe they are correct. But in reality, the honest person knows that can't be the case.

All of this speculation and conjecture, if you listen to it, only creates confusion, anxiety and more questions. If you know the true secrets (and I do mean *secrets...*) of *rightly–dividing the Word*, however, you can have real, truthful answers that give you peace. So the question is...

What, if anything, does the rightly–divided Word say about these craft?

In Matthew 24, believe it or not, Jesus refers to some of these craft as **leaves** and said they were a sign that the **harvest**, which he called **Summer**, was close. Christians are taught that these **leaves** of the fig tree represent Israel's burgeoning but that is an overt explanation and one that is meant to distract from the truth. And the truth is that these are actual aerial craft that are directly connected to the Tribulation and are a specific sign, thereof. (I wrote a book explaining this in detail entitled **The Fig Tree Parable Explained** which is available to members at www.InnerCircle.us)

Within Christianity, it is taught that The Tribulation is a period of seven years; and this is true. However, what is not taught within Christianity or its seminaries or colleges, (I've attended two of each), is the fact that **the seven year Tribulation is divided into two separate periods**. This is why the word **Tribulation** is used with **Tri** as a prefix referring to the number **three**, as a reference to **two distinct periods of three to four years** or **Tri-bulations**.

In Matthew 24, Jesus refers to the first Tri-bulation as **the Tribulation of Those Days**. The second Tri-bulation he refers to as **Great Tribulation**. (You can learn the mind-blowing truth about the Tribulation in great detail that you'll never hear anywhere else, in my book **The Tribulation** at www.InnerCircle.us You'll also learn the truth about **The Mark of the Beast** and so much more.)

According to Jesus' words in Matthew 24, these **leaves** are said to appear immediately after **the Tribulation of Those Days** and just before the time of **Great Tribulation**. It is also immediately after **the Tribulation of Those Days**, that those who follow Christ, who he refers to as his **Elect**, are taken **from** the **four corners** (called **four winds**) by the angels. But what are the **four winds** a reference to?

The word translated as **from** in this verse in Matthew 24:31 is **ek** in Greek and also means **by means of**. The word **winds** in this verse is **anemos** in Greek and means **wind** but when rightly divided and taken to the ancient root, this word literally means **to transport by God's wind**. But what is this telling us? Are the Elect to be **blown away**? Well, yes. But not in the way you might think.

The word **wind** is also the definition of the word **spirit** in both the Hebrew and Greek (Ruach / Pneuma). But in the Paleo Hebrew, such as in Genesis chapter one, prior to the Hebrew alphabet, the word **spirit** was drawn as a **domed saucer with a door in the middle**. It is the Saucers, referred to as the **four winds**, therefore, that will remove the Elect prior to Great Tribulation.

Let's explore the Word further to learn even more and to prove why this is the case...

John, in Revelation 17, we are told was taken by an angel in the *spirit*, prior to the judgment of the whore of Babylon. Knowing now that the word *spirit* was depicted in the Paleo Hebrew as a *domed space ship* (saucer) with a door in the middle, (as in Genesis chapter one *when the spirit hovered over the water...*) we can understand that it was a *saucer* used by the angel to take John out of harm's way, *prior to the judgment of Babylon*.

These *saucers* are also depicted in the hats, called *zucchetto's*, worn by the Pope and the cardinals and bishops within Catholicism, as well as the hats, called *kippa's*, worn in Judaism. This is why adult Jews also wear a box or *tefillin* on their foreheads as a representation of the *Torah* (Law) but as a secret representation of the *door* of the *saucer*, also.

It is this Torah (Law) that they think one must follow to please God and go to heaven. But Jesus said *I am the door*. (John 10:7 & 9) It's not a coincidence that the Greek word for *door* is *tora* as a direct reference to the *door of the saucers, represented by the box (door) and the kippa's and zucchetto's (saucers)*. Furthermore, the word *am* is *eimi* in Greek and also means *to have*, implying that *Jesus has the door and by implication, the saucers*.

As confusing or unusual as this might seem, it will make more sense as you read on.

What Christians and the rest of the world don't know is that this word *tora* is based on the ancient root words *tor* and *dis* (pronounced *tordis*) which are a direct, phonetic reference to the *tortoise shells* called *saucers*. Interestingly, these *tortoise shells* are also called *genna* in the ancient root which is the Greek word for *hell*. But how can this be? Why would Jesus be connected to anything, especially *flying saucers*, from Hell?

But this has to be the case, because he said he has (is) the *door* (Tora) in John 10:7 & 9.

Hell is referred to as *death* in many places throughout the Bible, such as 2 Samuel 22:6 and Psalm 18:5. Jesus tells us in Revelation 1:14 that he also has something else, which he calls *the keys to hell and death* as another hidden reference to these saucers with which his angels will gather his Elect, according to Matthew 24. And it's no coincidence that the word *keys* is *kleis* in Greek which is another hidden reference to the word *EKKLESia* which is the Greek word for *Elect*. Jesus therefore, has the *kleis* (keys) to the Saucers to gather the *Ekklesia* (Elect).

We shouldn't be surprised that these things are now being made known at this time of the End, as Saucers and other (previously) *unidentified flying objects* are filling the skies,

because as we were told in Mark 4:22, ***There is nothing hidden that will not be revealed and everything that has been kept secret will come to light.***

Let me briefly explain the ***four corners*** (four winds), also, before moving on.

The reference to the angels gathering the elect ***by means of*** the ***four winds*** (as a direct reference to the ***saucers***) can also mean ***to take out of*** the ***four corners of the earth***, quite literally. But what is the reason for taking the ***Elect out of the four corners of the earth?***

Zechariah chapter one tells us that the Rider on the Red Horse (a reference to the second of four riders of the Apocalypse of Revelation chapter six) along with ***four carpenters***, is going to ***fray*** the ***four horns***. We know this is a reference to the ***four corners*** because in the instructions of the building of the temple (Ex. 27:2) they were told to place a ***horn*** on each of the ***four corners*** of the ***altar***, which, without getting into all of the details, is a metaphor for the ***earth***, itself.

The Red Horse Rider's job, along with the Carpenters, is to ***fray*** the ***four horns***. In the Hebrew the word ***fray*** is ***hared*** and means ***to shame, make anxious, make to tremble*** and ***to terrify***. But when rightly divided into the ancient root, ***hared*** means ***to remove***.

This ***removal*** is done ***within*** (meaning ***by means of***) what are called ***Myrtle trees*** (Heb. ***Hadas***) in that chapter. When rightly divided into the ancient root, however, the word ***Myrtle*** literally means ***something that is metal, triangular, goes up quickly, has white*** (metaphorical) ***fruit*** and is ***associated with waving***. This description is a secret reference to the ***cell towers***, which are currently called ***5G towers*** and which are ***metal, triangular, go up quickly, have white antennas*** (like ***fruit***) and ***emit frequency waves***. This is also the real reason why the Jewish people ***wave*** their ***Myrtle*** branches at the Feast of Tabernacles. (You can read about this in much greater detail in my 31-page article entitled ***The Fowler's Snare*** at www.InnerCircle.us)

Now, let's get back to the business at hand and identify these mysterious aerial phenomena...

These saucers, therefore, will be one means used by the angels (Mt. 24) to rescue (gather) the Elect out of the four corners ***and*** by means of the Spirit (wind/saucers) just before the judgment of Babylon. This is exactly what the angel did that took John away in the ***spirit*** in Revelation 17 as I mentioned above. As in the beginning, so in the end. As above, so below. There is nothing new under the sun. (Ecc. 1:9, 3:15)

The orbs and drones being seen now are the ***leaves*** Jesus spoke about called ***pula*** in Greek. But the word ***pula*** in the ancient root means ***chariots***, quite literally, as in the one that

Ezekiel saw. (Knowing that the letter **o** is interchangeable with the letter **u** in the ancient root language, this word **pula** is very likely a clue, not as to where these orbs came from originally (that's something I speak about in my books) but as to where they have been held, waiting to be released at this time. Having said that, I believe there's a good chance they've come from the **Pular aka Polar** regions. Whether you believe that or not, this idea lines up nicely with accounts of the Inner Earth from individuals such as Admiral Byrd and others, also, which talk about it having its own type of **sun**, which these glowing, shining orbs represent.)

Some of them appear to be like **wheels within wheels** (sphaera a sphaera meaning **sphere in a sphere** in Latin) as Ezekiel described them. Think of the primary job of these **leaves** as gathering data, as leaves gather sunlight, water, etc. to send back to the **tree**. (To learn what the **tree** is, you can read my book entitled, **The Red Dragon and the Sheep** at www.InnerCircle.us)

But what data, exactly, are these **Leaves** gathering?

Some of the words describing these **Leaves** specifically in the ancient root, are **high, shining, multiplying, lightning, wings, cutting insects** and **East**. And it's easy to see that these words perfectly fit the description of these **orbs and drones**. They are **high**, they **shine**, they **multiply**, they have at times emitted **lightning**, they literally have **wings**, they apparently were first seen in New Jersey, which is on the **East** coast and they buzz and fly like **cutting insects**, such as the locusts spoken of in Mt. 3:4, Mk 1:6 and Rev. 9:3. This is because **that's what they are; and they are working in conjunction with the saucers**.

The word for **locust** in Mt. 3:4 is **akris** in Greek and simply means **locust**. But in the Aramaic the word is kamtsaa and when rightly-divided into the ancient root it literally means **a metal disk**. Obviously, which is another clear reference to the **saucers**.

These **locusts** are also spoken of in Revelation 9:7 and are said to have **something like a crown of gold** on their **head**. The word head is **kephale** in Greek and refers to the **Master**. The word **crown** is **stephano** from **stepho** and means to **weave** or **twine**. I find this very interesting, because, if you've been paying attention to the numerous videos of the various uap's, a number of them look exactly as this is describing. They literally appear to be **woven** or **twined** and **golden**. Interestingly, the word **head** (kephale) used here, upon which is said to be something like a **crown of gold**, not only refers to the **supreme master and lord** but in the old Byzantine writings literally means **Corner Stone**...which is exactly what Jesus was called in Mark 12:10, Luke 20:17 and elsewhere.

What would this do to the Christian church, if it was discovered that this **golden, woven, twined** orb was not only in charge of these uap's but was actually...Jesus...here to judge the world?

Having said that, two other words that are used to describe these **leaves** in the ancient root are **judicious** and **foxes**.

If you recall the story of Samson in the book of Judges chapters thirteen to sixteen, you might recall that Samson was not only a **Judge who judged Israel** (a reference to the term **judicious** describing these orbs and drones as you'll soon see) but that he did something very interesting in order to **burn the fields of stalks** (erroneously translated as **corn fields**) of the **Philistines**.

In Judges chapter fifteen, we are told that Samson caught three hundred **foxes** and put a **firebrand** between every two of the three hundred **foxes** and let them loose in order to burn the fields. The word **firebrand** (Heb. **lapid**), however, literally means **lightning**, which is one of the same words the ancient root uses to describe these **orbs and drones**. What we're seeing in the skies currently in the form of what are being called **drones and orbs**, therefore, are **not only** literal depictions of the **lightning** that Jesus says happens at the **coming of the Son of Man** (spoken of above in regards to the saucers), which he describes in Mt. 24:27 as coming from the **East**, (which is another word the ancient root uses to describe the drones and orbs) but we are also witnessing the literal **separation of the wheat from the tares**, just as Samson burned the crops of the Philistines, with these same **firebrands** ie. **foxes that carry lightning**.

Interestingly, the word **Philistine** describing the ones whose **stalks** Samson was burning with his **lightning-wielding foxes**, contains the prefix **Phili** which is also found in the word **NePhilim**, which is the Hebrew word translated as **giants**. The meaning of this word in the ancient root, however, literally refers to **those who practice divination and sorcery**, which is just another way of saying **witchcraft**. What you might think of as witchcraft, however, may not fit the real definition, according to the Bible.

It is those who practice this witchcraft who are being judged.

We see examples of this in the woman of Isaiah 47 who is judged due to **practicing witchcraft and spell-casting**, called **sorceries and enchantments** in that chapter. We see it in the Queen of Babylon of Revelation 18 who we are told in verse 23 **deceived all nations with her sorceries**, meaning **witchcraft**. We see it in Queen Jezebel who was judged for falsely accusing good men, murdering God's prophets and **practicing witchcraft** (2 Kings 9:22); and it's no coincidence that her judgment came in the form of being ripped apart by dogs and **trampled by horses**, which represent the four horsemen

of the Apocalypse, whose final rider coincides with the saucers in question, as you'll see below, otherwise known as the ***sign of the Son of Man*** that appears immediately prior to ***Great Tribulation***. (To learn more details about what this witchcraft actually is and how it's been hidden from the world, read my book entitled ***Pyranosis: Forbidden Secrets of Genetics, Israel, Eden and the Great Pyramid Revealed*** at www.InnerCircle.us)

When we are told by the media that these UAP's are ***sniffing out potentially dangerous things...***, that couldn't be more true. But that for which they're looking, is not what people are being led to believe. They are not actually looking for methane or radiation. although that is a good cover story to which they may provide some teeth. ***They are looking for the tares, aka those who practice witchcraft...in its real form.***

It is these ***tares*** who Jesus says the ***Reapers*** will gather ***first*** and bundle them in order to burn them in Matthew 13:30 ***just as Samson did to the crops of the Philistines***. This is why another word used in the ancient root to describe these drones and Orbs is... ***To Reap***.

Jesus goes on to clarify that these ***Reapers*** are the ***Angels*** and says that the ***harvest*** happens at the ***end of the age***. (Mt. 13:39). So, let there be no doubt that we are definitely at the ***end***, which is why we are seeing these things happening right now, before our very eyes.

Christianity has always expected a version of something like this to happen. But the problem most Christians have when trying to understand these things is that they do not expect them to happen In ***The Way*** that they are happening because they have spiritualized everything. When the real, prophesied events do happen, therefore, they miss them, altogether or brush them off and dismiss them because they don't fit their preconceived narrative. This is largely due to false doctrinal beliefs or due to misconceptions they've developed because of what they've been taught by their Pastors. The Christian Pastors and Teachers do not know how to take these things to the ancient root, which is ***absolutely necessary*** in order to understand the truth.

I've tried to teach those Pastors and Teachers hundreds if not thousands of times for 25 years or more but unfortunately, the vast majority do not listen; and people of the world, with no Christian or other religious affiliation, are not much different. That similarity between the two groups, speaks volumes. If you are not religiously inclined and are not part of Christianity, I would caution you to not throw out the Bible with the bath water. The Bible is not a representation of Christianity or Christians. It is an extremely important repository of crucial, ancient information that stands on its own but has simply been misunderstood and terribly mishandled by religion. Once you know how to rightly divide the words and put them into a proper context, you'll understand what I mean. If you're so

inclined to do that, I can help you to that end. But be prepared because it's a very exciting journey that might require you to let go of some of the things you've believed, thus far.

Here's another related example of a misconception of the prophetic signs...

The word *sign* (Gr. *semeion*) in reference to the Son of Man (Mt 24:30) in the ancient root means **Pale, Green and Yellow**. If you're familiar with the Four Horsemen of the Apocalypse, you might recognize that these are the exact same colors of the Fourth and final Horseman of Revelation 6. (The Greek word describing the horse's color is *Chloros* in Greek which means **Green-Yellow**. But *chloros* is translated as **Pale** in the Bible, which tells me that the translators drew from the ancient root which describes it as all three colors, **Pale Green and Yellow**. They knew, just as I do, that going to the ancient root is imperative in order to get to the truth; **and they've gone to great lengths to hide that fact.**)

This *sign* happens right after what Jesus calls **The Tribulation of Those Days** which refers to the **first four days** (years) of the seven-year Tribulation period and soon thereafter is said to be **widescale death**. This is because **widescale death**, also called **hell and death** is the description of the judgment that the fourth and final Horseman brings.

The end of the **fourth day** (year), which was when the Fourth Horseman stopped riding, was Dec. 14th 2024. This is because the **first day** (year) started on Dec. 14th 2020 when the first jab (toxin) was given in the U.S. It began with the white horse rider who was given a **bow** (Gr. *toxon*) and a **crown**. This first horseman was Trump who was president at the time of the first jab (Toxin) and who was given that **bow** (toxin) to distribute and who was also given a crown by Israel.

Most Christians deny that Trump could have been the first Horseman because they believe that the **lamb** that Revelation 5 says is **worthy to open the seals**, could only refer to Jesus. If what I've just shared above, however, regarding the Corner Stone being the golden, woven, twined UAP shown in various videos, then that would imply that Jesus, the Corner Stone, is actually here and Trump therefore, is simply playing a role, which is what I've said many times.

And looking more closely at verse 6 of Revelation chapter 5, we can see why the lamb that opens the seals doesn't technically have to be Jesus.

The phrase translated there as **lamb as it had been slain** is what I call **linguistic slight-of-hand** which I've proven thousands of times is found all throughout the Bible.

The phrase *as it had been slain* is *sphazo* in Greek and means *to slay, slaughter* or *be mortally wounded*. But the previous word translated as *as* is *hus* and means not only *as* but *like, as if* and *about*, all of which refer to someone whose status is *like* one who is *to be slain* or *about to be slain* rather than Jesus, who *was* slain. So why the ambiguity and why not use a word that is more accurate like *was* (slain) or *had been* (slain)? (This is one example of why Jeremiah 8:8 says, *the pen of the scribes doth lie*.)

The answer comes when we take the word *as* (*hus*) back to the root where it literally means *to cut, trim* or *clip* as a sheep would be *prior to it being slaughtered or eaten...for Passover*. When we translate it this way and even use both translations in a proper context, it would read as follows: *A lamb cut, trimmed or clipped that was about to be mortally wounded*.

What's interesting about this translation is that Donald Trump was allegedly *clipped* or *cut* by a bullet that *trimmed* off a piece of his ear, on July 13th in Butler, Pennsylvania in 2024.

But what (or who) puts him in the status of one who could open the seals?

The word *worthy* describing the one who opens the seals, is *axios* in Greek and also means *suitable* or *having the worth of another*. There is, therefore no indication that this word *lamb* is a direct reference to Jesus, specifically. That being the case, it is also important to know that it is the ones called *elders* in Revelation 5:8 who actually determine the suitability of this individual *lamb* to open the seals.

The word for *elder* in that verse is *presbuteros* and means *elder* but specifically, *elders of the Jewish Sanhedrin*. So, it is literally the *elders of the Jewish Sanhedrin*, according to the Bible, who determine who is *suitable* to open the seals. And in this case, they chose Donald Trump.

As strange as this might sound to anyone trying to interpret the Bible through a doctrinal lens, it is true. Israel has given Donald Trump the title of *Messiah* and they gave him a literal *crown* or *Keter Yerushalayim* as it's called in Hebrew, on July 10th, 2023. The Sanhedrin in 2018 *minted a coin with Donald Trumps face overlaying that of King Cyrus*, who was responsible for the rebuilding of the second Jewish temple after it was destroyed by Nebuchadnezzar in 586 BC. This is why the Sanhedrin also sent a letter to Trump in 2017 asking him to ascend to the Temple Mount to pray for the rebuilding of the temple, as Solomon did three thousands years ago. 2017 was also the same year that Trump formally recognized Jerusalem as the capital of Israel and made plans to move the U.S. embassy there, which meant a great deal to Israel.

Whether you can accept it or not, it is clear that ***Trump is playing the role of the***

Messiah; and when you learn *how the arrival of the Messiah is secretly described in Zechariah 9:9 and Matthew 21:5*, you might give these things serious consideration, especially since they are direct, although concealed references, to the mysterious aerial phenomenon being witnessed around the world.

Zechariah 9:9 and Mt. 21:5 tell us that Messiah comes on an **ass**.

The word **ass** in Hebrew is **kamur** and the word **ass** in Greek is **onos**. Both of which mean **ass** as in a donkey. But when the Greek word **onos** in the New Testament is taken to the Aramaic language, it is **kamur**, just as the Hebrew word for **ass** in Zechariah 9:9; and when you learn the significance of this, you'll have a better understanding of what's going on in the skies.

The word **kamur**, when rightly **divided** (Gr. orthotomeo = cut) and taken to the ancient root, literally means **his silver metal disc** and **money**. This not only describes the **coin** that was minted by the Sanhedrin with Trump's and Cyrus's face on it but also is a perfect description of the **silver metal discs** we're seeing in the skies all over the world, today.

As another piece of evidence to prove this theme of saucers and aerial phenomenon throughout the Bible, when we look at the Hebrew word translated as **spirit** in Genesis chapter one, it is **ruach**. But before the Hebrew alphabet was established, they drew pictures to describe things in what was called **Paleo Hebrew**; and in Paleo Hebrew the word **ruach** was drawn as a **saucer with a door in the middle over three lines depicting water**. This is why Genesis chapter one describes the **spirit as hovering over the water**. It is a literal reference to a **saucer** or what we would call a UFO or UAP in more modern terms.

Knowing that the New Testament version of **Messiah coming on an ass** is a reference to Jesus, also called the **Son of Man**, entering on this **ass** at **Passover (which is also the time prior to which, the lamb that opens the seals...could be slain...)**, we should expect to see many saucers in the sky at or around that time, also. We are already seeing signs of them in various places around the world and even clouds that look like them, as if they're being cloaked. I even had one over my house just a couple weeks ago as you can see in the picture I took, below. This picture, by the way, has not been altered in any way and appeared on the same day that I prayed and asked the Father for some encouragement.

Jesus speaks specifically about the ***sign of the Son of Man*** in Matthew 24:30 where he says:

*And then shall appear the **sign of the Son of man** in heaven: and then shall all the tribes of the earth mourn, and they shall see the **Son of man** coming in the clouds of heaven with **power and great glory**.*

The word **sign** in Greek is **semeion** and it's no coincidence that when it is rightly divided and taken to the root, it literally means **silver** and **metal** as another reference to the **silver metal discs** (asses) as a hidden reference to the **saucers** being seen in the sky.

The word **sign** also has another meaning, however, which is **pale, green** and **yellow**, which are **the exact colors of the fourth and final Horseman of the Apocalypse of Revelation chapter six, who brings Hell and Death**.

There is also an interesting connection to the phrase **upper room** in the Passover story (as a reference to where Jesus said he would spend the Passover with those who followed him), to the **ass** meaning **saucers**.

The Greek word for **upper room** is **anogeon**. But the literal definition of this word is **a dome off the ground**, which is a clear reference, once again, to a **saucer**. But to solidify this connection ever more, the Akkadian word associated with the upper room is literally **ass-atum**.

Oh, and one more thing I almost forgot. Another description of these UAP's found in the ancient root for the Aramaic word for **lightning**, (dbarqaa) as a reference to the **firebrands** used by Samson to burn the tares, is **workers**. This is why we are seeing these drones in our skies, right now, because the actual definition of a **drone**, is...**a worker**. (This same root word from the Aramaic also means **to chase vermin from the garden**, which is exactly what is happening, right now. Believe it.)

You just can't make these things up.

Another thing that I think is important to explain out at this point, is in regards to the perceived contention that has been seen between the orbs and drones. For instance, just the other day there was a video showing an orb shooting down a drone. We have to remember that in this world, there is always a **dialectic** at work. If you're not familiar with that term, do some research on the **Hegelian Dialectic**. The powers-that-be who embrace this philosophy always rely on a **two-sided schema** in which they make it appear that both sides are at odds with one another. For instance, candidates for political parties such as Democrats and Republicans. As the world is persuaded to choose a side, those two sides

bring about their true goals, behind the scenes; and no one is the wiser. This is what we are seeing now and with any future battles between these orbs and drones. In reality, they are working together.

If you are a Christian, these things might sound foreign to you because Christianity is based on a *doctrinal* foundation rather than a foundation of truth. This is why the church is divided into nearly 40,000 denominational schisms, primarily based on differences of opinion on their translations of the same book. Jesus said we were to be united and taught *The Way*. He never taught Christianity which is why the lion's share of truth he taught can never be found within Christian churches.

I've personally tried hundreds of times to explain the proper methods of exegesis to Pastors over the years only to be met with name-calling, hate, aggression, vitriol and slander. As a result, I haven't done an interview or lectured publicly in about 7 years and I rarely post publicly like this. *It takes a tremendous amount of time, focus and effort to pull these things out from beneath many layers of dusty lies but I thought the world needed to know.*

So, I hope this article has been a blessing to you by shedding light on what's going on in the skies, as an anxious world speculates and opines endlessly. These things are a direct fulfillment of prophecy but are happening *in a way* that most didn't expect because what they've been taught, is based on lies and half-truths within a false context.

The truth can only be found in the Word, rightly *divided* (gr. orthotomeo = cut) as 2 Timothy 2:15 states, which is required if we want to be a good workman, please to God, as that verse says. Unfortunately, that's something that the leaders of Christianity do not know how to do but, to the demise of those who they teach, most are not willing to learn, either.

May the Father bless you as you seek His truth.
